# References

This page lists websites and books that helped me understanding quantum computing.

Quantum Computation and Quantum Information
Michael A. Nielsen & Isaac L. Chuang
The most of understanding I've done about quantum computation are by reading this book. If you like the content of this website you'll learn many more by reading it.

The Strange Theory of Light and Matter
Richard P. Feynman
Want to know more about quantum mechanics? Let's start with this book!

Wikipedia

No need to introduce it, the biggest source of shared knowledge ever!
https://www.wikipedia.org/
