

References

This page lists websites and books that helped me understanding quantum computing.

Quantum Computation and Quantum Information

Michael A. Nielsen & Isaac L. Chuang

The most of understanding I've done about quantum computation are by reading this book. If you like the content of this website you'll learn many more by reading it.

The Strange Theory of Light and Matter

Richard P. Feynman

Want to know more about quantum mechanics? Try reading this!

Wikipedia

No need to introduce it, the biggest source of shared knowledge ever!
